A COMPARISON OF HAND CLEANING CONTENTS TO UTILIZING THE OMEGASONICS **Restoration**PRO® SYSTEM

ASSUMPTIONS

\$1,000,000 total sales volume
20% of total volume is contents
\$200,000 contents sales revenue
\$35.00/box of contents paid by insurance company
1 box of contents requires 1 hour of labor by hand per person
24 boxes of contents requires 1 hour of labor with Omegasonics Restoration Pro System® with 3 people
\$22.00/hour loaded labor rate/person
3 person labor force
5,714 boxes of contents/year ($\$200,000.00 \div \$35.00/\text{box}$)

TOTAL TIME TO CLEAN 5,714 BOXES BY HAND

5,714 hours \div 3 people = 1905 hours
1905 hours \div 40 hours/week = 48 weeks

TOTAL COST TO CLEAN 5,714 BOXES BY HAND

3 people x 40 hours/week x 48 weeks/year x \$22.00/hours = \$126,720.00 total labor cost

TOTAL TIME TO CLEAN 5,714 BOXES WITH THE **Restoration**PRO® SYSTEM

5,714 boxes \div 24 boxes/hour = 238 hours

TOTAL COST TO CLEAN 5,714 BOXES WITH THE **Restoration**PRO® SYSTEM

238 hours x 3 people x \$22.00/hour/person = \$15,708.00 total labor cost

LABOR SAVINGS CLEANING 5,714 BOXES WITH THE **Restoration**PRO® SYSTEM

$\$126,720.00 - \$15,708.00 = \$111,012.00/\text{year}$

Using the above comparison as the model, a company purchasing and utilizing the Omegasonics Restoration Pro® System should realize a payback of the system in 5 to 6 months of operation.
