## ***NEW ULTRASONIC RESTORATION TRAINING DVD TEACHES SMALL CONTENTS RESTORATORS HOW TO INCREASE THEIR PROFITABILITY***

**Simi Valley, CA** – Omegasonics has just announced their Fire Restoration Training DVD specifically intended for the fire and water restoration industry. This one (1) hour DVD is a condensed version of their full day, accredited IICRC continuing education course.

**Increase profitability by 500% over hand cleaning.** Learn how to implement the Omegasonics Assembly Line restoration cleaning process to improve general contents work flow from one (1) pack-out box per hour to as many as ten (10) pack-out boxes per hour. Training DVD teaches how to increase the number of restorable items including mold damaged and high value electronics.

**Greater recovery, fewer discards.** Comprehensive DVD instructs fire and water damage restorators how to effectively restore items previously considered a loss by insurance companies. Learn how to process and restore sentimental items, antiques, china, jewelry, firearms, power tools, stuffed toys, electronics, artificial plants, chandeliers and much more.

**Train new employees.** Use the DVD to train new employees or as a refresher course for your small contents division. The instructions are simple and easy to follow allowing for a better trained work staff.
